Welcome to *The Artist's Canvas*, the quarterly newsletter from the art room. In this issue you will read about contests, art room happenings, great websites, and even learn how to draw a penguin. I hope this newsletter is both fun and educational for the whole family. ENJOY!

Mrs. Matos

## Art Room Happenings

Like always the students are working hard on their masterpieces. The students' completed artwork will be displayed in the hallways and on my website. For a complete list of what the students are working on please refer to my website:

## Featured Website

### smARTkids

SmARTkids is presented by the Smart Museum of Art, University of Chicago. It was developed to help kids, particularly 7-12 year olds, discover ways to look at, think about, and respond creatively to art. Encourage your child to explore this site, or explore it together. The site features four major sections: Look and Share, Art Detective, Art Speak, and Artist Studio. Fun for all!!!

## Art Contests

Many Northvale students entered The Parent Paper Winter Cover Contest. The winners will have their drawing printed in and on the cover of the December issue. We have had five winners published inside the paper in the past. I can't wait to see if any of our talented artists' work makes it in the paper this year. Check my website <http://mail.nvnet.org/~matos/> for upcoming contests.
